NVOCC Services

Through its Partnership with Collyer Logistics International, Hong Kong, DASA offers its clients global reach for the multi-model carriage of containerized cargoes under a bona fide Collyer Bill of Lading. Opportunities also exist to incorporate customized Supply Chain Management functions/solutions which are provided.

Exhibition Services

Exhibition handling services are extended by virtue of an ability to handle prompt, delicate exhibition material to and from booth and return to their origin. A specialist network of Exhibition Forwarders are utilized in this field.

Hotel and Hospitality Services

DASA provides a unique and global door to door handling of pre-packed and professionally packed Personal Effects exclusively for personnel associated with the Hotel and Hospitality industry.

Project Services

Industrial projects, relating to the oil, gas and power industries, together with adhoc handling of 'special' equipment is, and historically has been, handled by DASA. Such project work has included the charter of suitable aircraft to accommodate out-of-gauge cargo.

Warehousing and Storage Services

A selection of warehouses are under the management of DASA which compliment an ability to store personal effects, besides offering choice to provide 3rd party logistics (3PL) services, there being an availability of forklift and other handling devices.

Insurance Services

Sole use, throughout the history of the company, with a major multi-national insurance house, ensures that standards are maintained and peace of mind is ensured.
